

**NOMINATION FOR HONORARY MEMBER OF FIG  
PROFESSOR ANDRZEJ HOPFER, POLAND**

On behalf of the Association of Polish Surveyors I would like to propose Professor Dr. Andrzej Hopfer for Honorary Membership of the International Federation of Surveyors.

Professor Andrzej Hopfer has been very active within the Polish Association. He has contributed very much to the international profile of the Association of Polish Surveyors initiating Association's international actions and taking part in numerous organisational works.

He is internationally recognised as an outstanding person in the field of surveying science, particularly in cadastre, land management and property valuation. Occupying the highest academic position - the Rector Magnificus of the Olsztyn University of Agriculture and Technology - he has developed very much international relations of Polish surveyors with famous foreign scientific centres for surveying and land management.

He is a member and a chairman of several scientific and professional societies. He was rewarded with honorary membership of foreign and domestic scientific institutions, among others - doctor honoris causa of two universities.

Prof. Andrzej Hopfer has served as chairperson of FIG Commission 7 and for a number of years as Polish national delegate to this Commission. He was initiator and organiser of the Cadastral Congress held in Warsaw in 1998 under FIG umbrella. He took an active part in numerous activities of the Commission.

More detailed CV of Andrzej Hopfer is enclosed. Our Association would be pleased to comply with any further formalities concerning the nomination.

Yours sincerely

Prof. Kazimierz Czarnecki  
President  
Stowarzyszenie Geodetów Polskich
