A new body called the Joint Board of Spatial Information Societies has been established. Its main task is to coordinate the co-operation with the United Nations on geoinformation.

FIG has further bilateral agreements of co-operation with several other international associations like ICEC, IFHP, CIB and FIABCI. Some of the partners are also working together in the Habitat Professionals Forum.

## 13. ELECTION OF TWO VICE PRESIDENTS FOR TERM OF OFFICE 2005-2008

According to the FIG Statutes, Internal Rules and the General Assembly decision on election of the Council members in the transition period, the General Assembly has to appoint two new Vice Presidents for the period 1.1.2005-31.12.2008. During the first two years these new Vice Presidents will be ad hoc members of the current Council.

Member associations have made five nominations for these two open posts during the nomination period. These nominations are:

- Ken Allred, CIG, Canada
- Hak Chan, HKIS, Hong Kong SAR, China
- Stig Enemark, DdL, Denmark
- Michel Mayoud, AFT, France
- George Papavassiliou, TEE, Greece.

The Nomination Review Group, appointed by the General Assembly in Paris, has made its evaluation of the candidates. The NRG is chaired by Mr. Robert Foster, Honorary President of FIG and its members are John Parker, Tom Kennie, Teo CheeHai and Sam Zhou.

### **Appendices to item 13:**

**13.1** Nomination letters and Curriculum Vitae of the nominated candidates

**13.2** Summary report of the recommendations of the Nomination Review Group for Election of Vice Presidents for 2005-2008.

In its recommendation to the President the NRG has considered that all candidates are qualified but recommends that the General Assembly make the election between three candidates (Allred, Enemark

and Mayoud). The member associations that have made the nominations have been informed about the recommendation of the NRG. According to the Internal Rule 9.5 the member association has to reconfirm its nomination, if its candidate is not among the proposed candidates. This should happen before or at the latest in the General Assembly:

*Internal Rule 9.5: “The Council shall promulgate guidance notes for the NRG requiring it, inter alia, to review the nominations for president and vice-presidents and, in making its selection, to consider the candidates’ qualifications and ensure a balanced distribution of candidates as between different geographical regions and different surveying disciplines. The recommendation of the NRG, together with relevant information on the candidates, shall be circulated to members with the agenda and papers for the General Assembly which will be voting on the recommendation. If a nominee of a member association is not included in the recommendation of the NRG that member association has to reconfirm that its candidate remains a nominee and for which post(s) before or at the General Assembly.”*

The discussion was opened by Mr. Robert W. Foster, Chair of the Nomination Review Group, who explained the terms of reference of the NRG and their recommendations. On behalf of the Technical Chamber of Greece Mr. George Papavassiliou expressed critical comments on the terms of reference of the NRG and proposed that the Council should consider whether any changes to the internal rules would be needed before the next elections in 2006. President Magel replied that these comments will be considered by the Council but at the moment we have limited experience how the system is working.

In the discussion President Magel asked the Technical Chamber of Greece if it would reconfirm the nomination of Mr. Papavassiliou as candidate for a Vice President. The Technical Chamber confirmed that Mr. Papavassiliou would not stand as a candidate for the election.

The four candidates were invited to make a short introduction of themselves and their agenda how to develop FIG, if they would be elected. Each candidate was given 5 minutes to make his presentation.

The election was taken then – after a coffee break – between following candidates:

- Ken Allred, CIG, Canada – recommended by the NRG
- Hak Chan, HKIS, Hong Kong SAR, China – nomination reconfirmed by the HKIS
- Stig Enemark, DdL, Denmark – recommended by the NRG
- Michel Mayoud, AFT, France – recommended by the NRG

The election followed the following procedure:

#### Election of the first Vice President

In the election of the first Vice President every member association has one vote to give to one of the 4 candidates. If one candidate gets more than 50 per cent of the given votes, he will be elected. If there is no majority in the first vote, a second vote will be carried between those two candidates that have got most votes in the first vote. The candidate with most votes will then be elected.

#### Election of the second Vice President

In the election of the second Vice President every member association has one vote to give to one of the remaining 3 candidates. If one candidate gets more than 50 per cent of the given votes, he will be elected. If there is no majority in the first vote, a second vote will be carried between those two candidates that have got most votes in the first vote. The candidate with most votes will then be elected.

**Motion:** That the General Assembly elects two Vice Presidents for the Federation for the term of office 1.1.2005-31.12.2008 following the election procedure described above.

**Decision:** In the first vote of the election of the first Vice President following results were recorded: Prof. Stig Enermark (22 votes), Mr. Ken Allred (12 votes), Dr. Michel Mayoud (10 votes) and Mr. Hak Chan (7 votes). As there was no majority of the valid votes for any of the candidates, the second vote was taken between Prof. Enermark and Mr. Allred, who got the most votes in the first election. In the second vote Prof. Stig Enermark got 32 votes and Mr. Ken Allred 19 votes and thus Prof. Enermark was elected as the first Vice President.

In the election of the second Vice President the three candidates got the following votes: Mr. Ken Allred 27 votes, Dr. Michel Mayoud 17 votes and Mr. Hak Chan 7 votes. When Mr. Allred had received more than 50 per cent of the given 51 valid votes he was elected as the second Vice President.

The General Assembly elected Prof. Stig Enermark and Mr. Ken Allred as FIG Vice Presidents for term of office 1.1.2005-31.12.2008.

#### 14. ELECTION OF COMMISSION CHAIRS ELECT 2004-2006 AND CHAIRS 2006-2010

According to the FIG Statutes and Internal Rules the General Assembly appoints Commission Chairs Elect two years prior the Congress. These Chairs Elect will then automatically become Chairs of the Commissions for the next term of office. Thus the General Assembly will appoint all Commission Chairs Elect for term of office 2004-2006 and these Chairs Elect will then become Commission Chairs from Congress 2006 to Congress 2010.

Member associations have made following nominations for the open posts during the nomination period:

Commission 1:	Yaacoub Saade (Ordre des Geometres-Topographes du Liban)
Commission 2:	Bela Markus (Magyar Földmérési, Térképészeti és Távérzkelési Társaság, Hungary)
Commission 3:	Chryssy Potsiou (Hellenic Association of Rural and Surveying Engineers, Technical Chamber of Greece) Robert Mahoney (Royal Institute of Chartered Surveyors, RICS, UK)
Commission 4:	No nomination
Commission 5:	Rudolf Staiger (DVW – Deutscher Verein für Vermessungswesen – Gesellschaft für Geodäsie, Geoinformation und Landmanagement, Germany)
Commission 6:	No nomination
Commission 7:	András Oskó (Magyar Földmérési, Térképészeti és Távérzkelési Társaság, Hungary) Winfried Hawerk (DVW – Deutscher Verein für Vermessungswesen – Gesellschaft für Geodäsie, Geoinformation und Landmanagement, Germany)
Commission 8:	Spike Boydell (RICS UK)
Commission 9:	Simon Adcock (The Institution of Surveyors, Australia) Kauko Viitanen (Finnish Association of Surveyors MIL, Finland)
Commission 10:	Andrew Morley (Institution of Civil Engineering Surveyors ICES, UK)

The Commission Review Group appointed by the General Assembly in Paris has made its evaluation of the candidates. The CRG was chaired by Mr. Robert Foster, Honorary President of FIG and its members were John Parker, Tom Kennie, Teo CheeHai, Sam Zhou and as commission representatives Peter Laarakker, Robin McLaren and Vaclav Slaboch, appointed by ACCO.

**Appendices to item 14 and 22:**

**14.1** Nomination letters and Curriculum Vitae of the nominated candidates

**14.2** Summary report of the recommendations of the Commission Review Group for Election of Commission Chairs Elect 2004-2006 and Chairs 2006-2010

In its recommendation to the President the CRG states that it has found that all candidates are suitably qualified for the position, have the support of their member associations, have been active in the commissions, are members of their respective Member Associations and are known and recognized in the profession and in FIG.

The General Assembly is informed that, because there were no candidates proposed for Commissions 4 and 6 the Council has together with the relevant Commission chairs searched for a candidate for these two Commissions. The proposal from the Council is:

Commission 4: To be elected at the General Assembly in Cairo in 2005  
Commission 6: Alojz Kopacik (Slovak Republic)

At the first session of the General Assembly each candidate was given 3 minutes to introduce him/herself and his/her work plan if he/she will be elected. Mr. Jan Hardos made the presentation on behalf of Dr. Alojz Kopacik and Mr. Sakari Viertiö on behalf of Prof. Kauko Viitanen. Mr. Yaacoub Saade and Prof. Rudolf Staiger were not present in this session and their presentations were postponed to the second session of the General Assembly.

Before the election of the Chairs Elect and Commission Chairs for 2006-2010 the General Assembly has to appoint the new Chair to Commission 8 for 2004-2006 after Paul Lohmann resigned from this post in November 2003. The Council has decided to propose Diane Dumashie to be appointed as the chair to Commission 8 for 2004-2006 after the second candidate to this post has been withdrawn.

The elections for Commissions will take place in the second session of the General Assembly, 27 May 2004.

The election will take place in one election, in which all commission chairs are elected at the same time.

**Motion:** That the General Assembly appoints Diane Dumashie nominated by RICS, United Kingdom as the Chair to Commission 8 for term of office 2004-2006. That the General Assembly further records its thanks to Paul Lohmann for his chairmanship in Commission 8.

**Decision:** The motion was adopted. Diane Dumashie was presented with her badge with bronze oak leaves.

**15. FIG DEFINITION OF THE FUNCTIONS OF THE SURVEYOR**

The FIG Definition of Surveyor was adopted by the General Assembly in 1991. After more than ten years the Council considered that it is time to review it so that it better reflects the changes in technology and society and also to consider whether any other changes will be needed. The revised version called "FIG Definition of the Functions of the Surveyor" has been prepared during the past year and comments have been sought from the member associations and other members. The revised version includes some changes that are based on the development in the surveying and geoinformatics profession. It further integrates better than earlier the basic sciences within our profession to research and professional practice.

By request of the RICS and ICES delegations some minor changes have been made to the language of the definition.

**Appendix to item 15.** FIG Definition of the Functions of the Surveyor.

**Motion:** That the General Assembly endorses the FIG Definition of the Functions of the Surveyor as circulated.

**Decision:** The motion was adopted.

16. FIG INFORMATION POLICY

Based on the discussions with the member associations and at the President's meeting during the recent years the Council has prepared a document on FIG Information Policy. The working group has been chaired by Vice President Bettina Petzold. The draft has been posted on the web site and comments from the member associations sought.

**Appendix to item 16.** FIG Information Policy

**Motion:** That the General Assembly endorses the FIG Information Policy as circulated. To be noted that there will be a round table meeting on this topic on Wednesday 26 May 11:00-12:00 at Commission 2 meeting room.

**Decision:** The motion was adopted.

17. FIG ACCOUNTS FOR 2003 AND AUDITOR'S REPORT AND BUDGET FOR 2004 AND 2005

18. SUBSCRIPTION RATES FOR 2006

The General Assembly is required to set the levels of fees for member associations two years in advance of the year in which they become payable. Fees are payable in respect of each individual member up to a maximum of 4,000 members; member associations with more than 4,000 members pay fees in accordance with a sliding scale. Fees for 2004 and 2005 are:

	<u>Per capita fee</u>	<u>Minimum fee</u>	<u>Maximum fee</u>
2004	3.73 € per member up to a maximum of 4,000 members Member associations from countries listed by the World Bank as low-income economies or low-middle-income economies shall pay 1.87 € per member up to a maximum of 4,000 members	133 €	121 per cent of the fee payable by an association with 4,000 members

Member associations from countries listed by the World Bank as low-income economies or lower-middle-income economies shall pay 1.90 € per member up to a maximum of 4,000 members	200 €	124 per cent of the fee payable by an association with 4,000 members

The World Bank list of low-income economies is available at [http://www.worldbank.org/data/countryclass/classgroups.htm#Low\\_income](http://www.worldbank.org/data/countryclass/classgroups.htm#Low_income) and the list of lower-middle-income economies is available at [http://www.worldbank.org/data/countryclass/classgroups.htm#Lower\\_middle\\_income](http://www.worldbank.org/data/countryclass/classgroups.htm#Lower_middle_income)

The Council propose a very modest increase in the membership fees for 2006 (1.58 per cent) and 127 per cent for the maximum fee based on the General Assembly decision from 1997.

In the discussion the Hong Kong Institute of Surveyors (HKIS) made a comment on the increase of membership fees based on the exchange rate between Euro and Swiss franc (*de facto* US dollar) but did not propose any changes to the motion.
