

XXV International FIG Congress

Kuala Lumpur, Malaysia, 16–21 June 2014

Dear Colleagues and Friends,

The preliminary program for the XXV FIG Congress is now ready! You can look forward to a diverse program from 16-21 June 2014.

Located in 13 session rooms, the 4-day congress program offers many different and interesting topics covering the entire broadness of the surveying profession.

From Cadaster and Land Administration over Hydrography and Earth Geodynamics to Valuation and Real Estate and much more... Hence, there is something for everyone!

The Congress program will showcase the work of FIG and its Commissions, Task Forces, Networks and Permanent Institutions. The program will be underpinned by invited high-level presentations in four plenary sessions covering topics within the overall theme “Engaging the Challenges – Enhancing the Relevance”.

Altogether more than 500 highly qualified national and international speakers representing almost 100 countries will present their knowledge about the challenges of our time within the surveying profession.

Get inspired by the full program:
