

XXV FIG International Congress in Malaysia, 16-21 June 2014
Engaging the Challenges, Enhancing the Relevance

Call for papers – deadline for peer review papers has been extended

Dear Friend and Colleague,

Taking into account requests from prospective participants at FIG2014, it has been decided to extend the deadline for submission of full peer review papers at the XXV FIG International Congress, Malaysia, Kuala Lumpur, 16-21 June 2014.

The extended deadline for submission of full peer review papers is 15 November 2014. Authors are kindly invited to submit their paper to fig@fig.net. Before submitting your full paper you have to submit the abstract at: <http://www.fig.net/fig2014/submission.htm>

The peer review process offers the possibility of an external check for your professional work, thus proof, assures and improves the quality of your work and finally – if accepted – gives your paper an academic proof for scientific publications.

If you want your paper to be reviewed by two independent and anonymous reviewers in the double blinded peer review process for the FIG Congress 2014 the paper must be submitted by **15 November 2013**.

The call for papers also includes non-peer review papers. The deadline for submitting your non-peer review abstract is **1 December 2013**.

Please see the full call for paper here:

http://www.fig.net/fig2014/downloads/call_for_papers_fig2014.pdf

When you are preparing your paper please follow these guidelines:

http://www.fig.net/fig2014/presenter_practical.htm

PLEASE NOTE: When submitting your abstract the number of abstracts is limited to a **maximum of one** per author. Further, an author can only once be a co-author in another abstract. It means an author can only be involved in two abstracts, once as first author and once as co-author.

Kind regards,

Claudia Stormoen
