2. New developments

All volumes of the dictionary that will be completed in future will not be available in printed form. All future editions will be available on CD as PDF file. Also volume 5 which is out of print is available on CD from now on.

- Volume 1 “Theory of errors, adjustment methods and mathematical statistics“ is completed.
- Volume 7 “Photogrammetry” is completed.

Editorial work is completed for

- volume 2 “Geodesy“
- volume 8 “Cartography“.

The French part of volume 2 is completed, the work for the English part is in progress. For volume 8 “Cartography” the French part is checked at the moment, work for the English part is in progress.

3. The working group at BKG is supported by FIG and its member associations. The Multilingual Dictionary Board likes to thank all FIG member associations for the support given so far in completing the FIG Multilingual Dictionary and hopes for further support of its work.
4. The Internet site of the Multilingual Dictionary will be revised and updated until September 2006.
5. The aim of the BKG working group remains to complete the revision of the remaining volumes of the dictionary as soon as possible, with the continuing support of all involved in this work.
