

Licensed Surveyors Association Of Ghana (LISAGH)

Stephen Djaba is a founding member of the Licensed Surveyors Association of Ghana (LISAG) in 2005 and currently the Vice President of LISAG. He is a fellow of Ghana Institution of Surveyors (GhIS) and has served on several committees of the institution. He selflessly sponsored and promoted FIG activities in Ghana Universities and won Kwame Nkrumah University of Science and Technology (KNUST) and University of Mines and Technology admitted as educational members of the FIG.

He personally paid for the membership fees for several years to maintain their membership in FIG. He singularly sponsored the bid to host the 3rd FIG Regional Conference held in Accra in 2006 and led the organization of the conference as Coordinator, which was a great success. He is also Conference Director of the FIG Working Week 2024 committee, to be hosted in Accra in 2024.

I am absolutely confident that Surv. Stephen Djaba is the right person for leading FIG as a Vice President and beyond. Not only will he bring his rich experience, humble servant leadership, and kind skills that we expect in a Vice President, but he will also be an asset to help FIG council continue to make great impact in Africa and the rest of the world. Stephen is the brand that FIG needs for the Vice President office and for the profession.

Thank you.

Best Regards,

Samuel Larbi Darko
President
Licensed Surveyors Association of Ghana (LISAG)
