TS01F: Novel Cost-Effective Positioning & Engineering Systems and their Applications for Africa

Commission: 5 & 6

Chair: Mr. **Peter Bauer**, Austria

Rapporteur: Mr. **David Mulindwa**, Uganda

The growth of the continent is dependent on major civil infrastructure such as roads, rail tracks and ports across and beyond the region. Energy infrastructure is also critical as the outputs of these infrastructures are dependent on its continuous operation under challenging conditions and environments, and benefit from all of positioning and measurement systems used to build, maintain and operate the industries, as well as monitor their stability and safety.

14:30–16:00
Stage area - "the Market", La Palm

TS11D: Measuring Progress, Driving Impact: Surveyors at the Forefront of Sustainable Development

Commission: 2, 7 & TF SDG
Chair: Dr. **Marisa Balas**, Mozambique
Rapporteur: Dr. **Ronald Ssengendo**, Sweden

Surveyors are at the forefront of achieving the 2030 Agenda both as data providers and as drivers of impact. This session seeks to examine the contribution of FIG, the FIG Commissions and the global surveying community towards achieving the SDGs. It will explore the progress so far made by surveyors and discuss what surveyors can do to make rapid progress possible.

Guiding Questions for Discussions:

- What is the strategic Influence of surveyors in Achieving SDGs?
- How can we as surveyors measure progress towards achieving the SDGs?
- What are the gaps and opportunities for action that exist?

Legacy Project

Tuesday,
21 May
15:30–16:30
Place

FIG Legacy Project Unveiling: Unity Globally: Mapping Tomorrow

Chair: Mr **Stephen Djaba**, Ghana
Rapporteur: Ms. **Paula Dijkstra**, Netherlands

The "Globe of Tomorrow" project seeks to install a globe statue in an elementary school in Accra, Ghana, to honour the FIG 2024 Working Week as a Legacy Project. This statue aims to represent global interconnectedness and encourage young Pupil to explore Surveying and mapping, geography, cultures, and its significance in comprehending and preserving our planet and People. Utilizing local artistry and sustainable materials, the project will integrate educational components to ensure its enduring value as a learning resource.

- By invitation only
