SURVEYORS

2nd FIG YOUNG  
SURVEYORS

*EUROPEAN*

MEETING  
OCTOBER 7, 2014

BERLIN, GERMANY

# 2nd FIG Young Surveyors European Meeting

European Young Surveyors together for tomorrow's challenges

7 October

Berlin, Germany

## DEAR FRIENDS AND COLLEAGUES,

... the FIG Young Surveyors Network Europe is going **further!!!**

After the great success of the 1st FIG Young Surveyors European Meeting held in Lisbon in October 2013 the European Young Surveyors want to take the next step! During the 1st meeting more than 150 young surveyors, representing 32 countries, participated. This European wide coverage was impressive! But now is the time to let the European Young Surveyors take the next step and to organise the second European Young Surveyors Meeting.

The European Young Surveyors Network together with KonGeoS joined forces to organise this 2nd meeting to come together again and continue with the momentum started in Lisbon. Therefore we are proud, happy and excited to announce our

### 2nd FIG Young Surveyors European Meeting in Berlin on 7th October 2014

and we can't wait to meet you all and continue our discussions on the future of the surveying profession in Europe: European Young Surveyors together for tomorrow's challenges!

It is a one day event and we guarantee a dynamic program. The FIG YSN and KonGeoS are supported by FIG, FIG Foundation, CLGE, DWV, BDVI and OE. Our organising committee with European Young Surveyors has put a lot of effort to cover the idea, vision and mission for this

meeting. The program contains workshops, group discussions and presentations about our challenges and developments for our future. During the meeting the best papers of the 'CLGE Students' Contest' will be presented.

We will conclude the meeting with an unforgettable experience where all participating Young Surveyors can enjoy a fun come together at the 'CLGE Students' Meeting' on the rooftop of TU Berlin.

And since this is not everything... the following day, 8th October 2014, Young Surveyors have the opportunity to attend **INTERGEO**. Therefore we would like to kindly **thank** all our supporters.

This meeting is important for European Young Surveyors: they are our future and we all have to work together continuously for the further establishment and development of the

### EUROPEAN YOUNG SURVEYORS NETWORK!

We are looking forward to welcome you in Berlin with European Young Surveyors together for tomorrow's challenges!
