

3rd FIG Young Surveyors Network Conference

30 April – 1 May 2016
Christchurch, New Zealand

FIG Working Week 2016

CHRISTCHURCH, NEW ZEALAND
2–6 May 2016

Recovery
from disaster

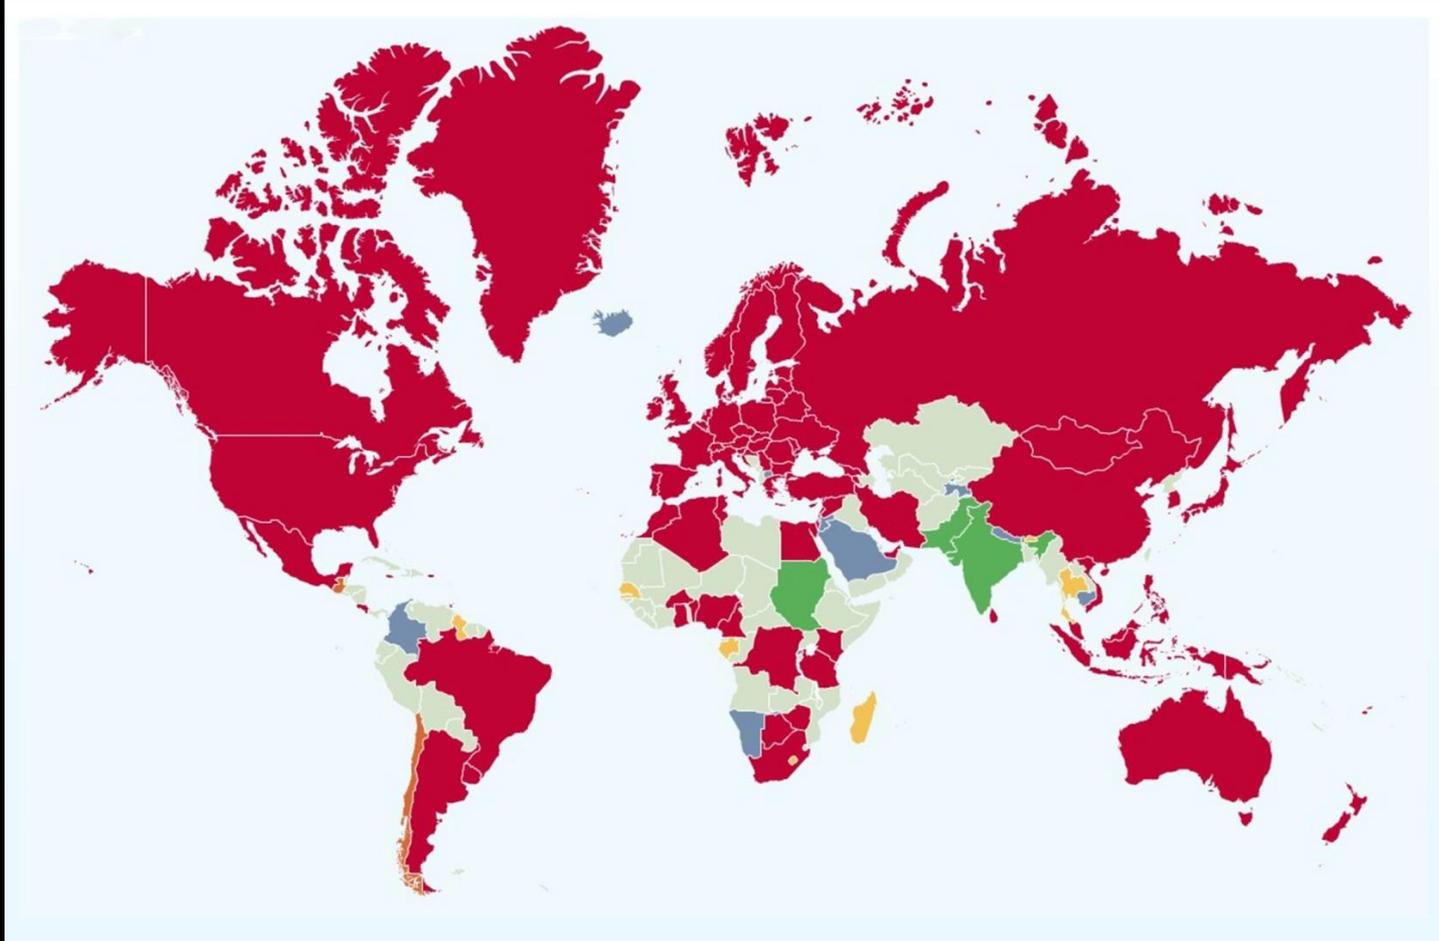

International Federation of Surveyors
Fédération Internationale des Géomètres
Internationale Vereinigung der Vermessungsingenieure

What is FIG?

FIG was founded 18 July 1878 in Paris
It is a federation of national associations
and is the only international body
that represents all surveying disciplines

FIG World Map

Representing almost 300 000 surveyors in over 120 countries

Ten commissions lead FIG's technical work

Each member association appoints
a delegate to each of the commissions

Detailed information on the
work of the commissions
can be found at

www.fig.net/organisation/comm

COMMISSION 1 – Professional Practice

COMMISSION 2 – Professional Education

COMMISSION 3– Spatial Information Management

COMMISSION 4– Hydrography

COMMISSION 5– Positioning and Measurement

COMMISSION 6– Engineering Surveys

COMMISSION 7– Cadastre and Land Management

COMMISSION 8– Spatial Planning and Development

COMMISSION 9– Valuation and the Management of Real Estate

COMMISSION 10– Construction Economics and Management

FIG has many resources available at no charge:

- **FIG Surveyors Reference Library**
- **66 FIG Publications and others (UN/World Bank/IB GIS/FAO)**
- **Proceedings from FIG Congresses, Working Weeks, Conferences**
- **Articles about FIG in major publications**
- **FIG Article of the Month**
- **FIG e-newsletter**

www.fig.net/resources

The screenshot shows the FIG website's 'Resources' page. At the top, the FIG logo is on the left, and the full name 'International Federation of Surveyors' in three languages is in the center. An Esri logo is on the right. Below the header is a navigation menu with tabs for Home, News, Organisation, Members, Resources (selected), Partners, Foundation, Events, About FIG, and Highlights. A search bar is also present. The main content area features a collage of various publications, including 'Reference Books', 'Eligibility Data for Hyd', 'The FIG Profile', and 'The FIG Annual Review 2014'. A 'Share' button and social media icons are visible. At the bottom, a section titled 'FIG RESOURCES' contains a paragraph: 'This section comprises different types of publications by FIG in different kind of media, such as PDF versions of printed papers, links to articles published in magazines, press releases related to the work of the Federation and information material including leaflets.'

**Young Surveyors can participate in
FIG activities and are invited and encouraged
to become involved in
any of FIG's ten commissions
where its technical work is done**

A critical time for FIG and surveyors

Average age of surveyor worldwide = 54 years old

**Young surveyors represent the
future survivability of
the surveying profession**

The FIG Foundation is an independent body under the International Federation of Surveyors

The Foundation was established for the purpose of raising funds to finance surveying education, development projects and supporting young surveyors in order to build a sustainable future

The Foundation is administered by the FIG Office in Copenhagen and directed by a Board of Directors appointed by the FIG Council

The focus of the FIG Foundation is to build a sustainable future through six directives including:

6- To support by seed funding conferences, **meetings of young surveyors** and similar events in co-operation with international agencies such as the United Nations

The FIG Foundation
has supported young surveyors
since the establishment of the
FIG Young Surveyors Network in 2006

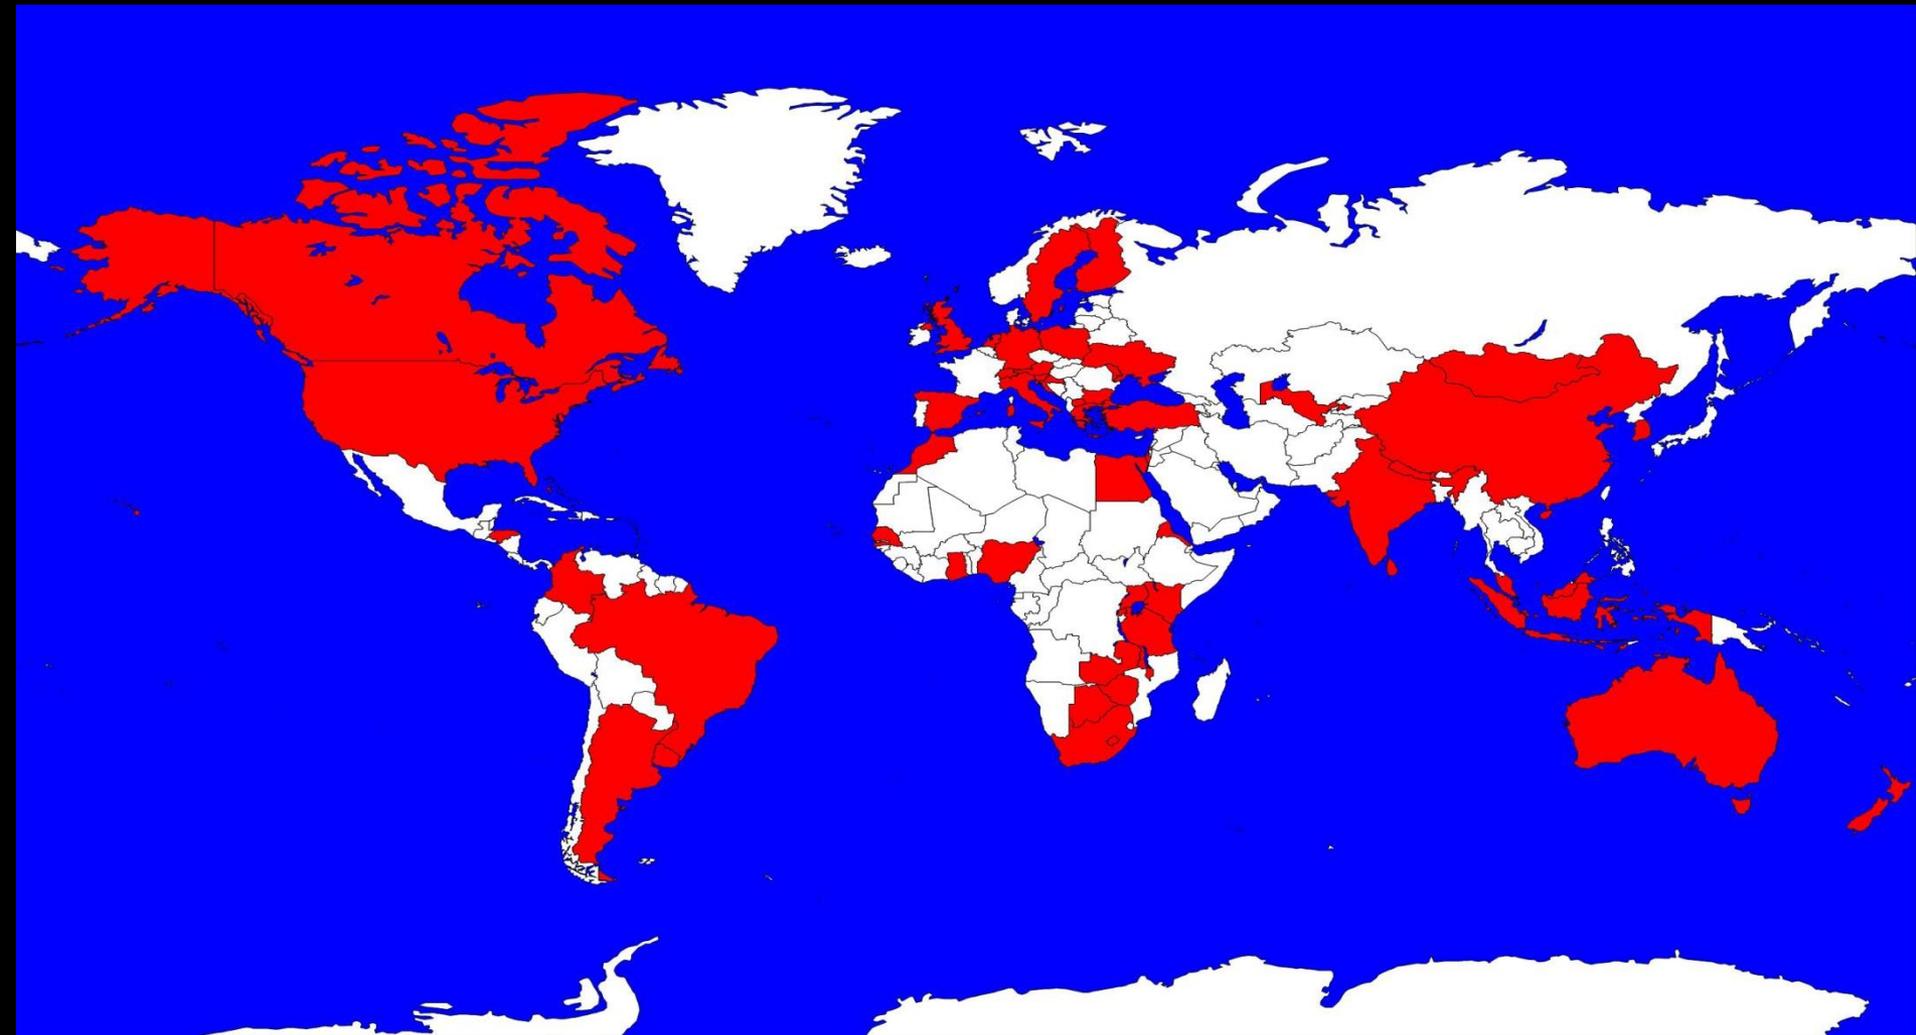

Celebrating 10+ years of support!

**5 Young Surveyors received grants
to participate in the
3rd FIG Young Surveyors Network Conference**

- **Suman Baral (Nepal)**
- **Donmarl Camua (Philippines)**
- **Sana Khushi (Pakistan)**
- **Kelvin Tang (Malaysia)**
- **Maitena Navarro (Argentina)**

FIG Foundation - Building a Sustainable Future

THE FIG FOUNDATION

- BUILDING A SUSTAINABLE FUTURE

The FIG Foundation will build a sustainable future:

- To give grants and scholarships to projects, for instance to develop curricula for surveying education, training and capacity building, especially in developing countries;
- To encourage research into all disciplines of surveying and to disseminate the results of that research;
- To promote high standards of education and training for surveyors and to facilitate continuing professional development;
- To educate people in the disciplines of surveying, particularly in developing countries and countries in transition;
- To promote the use of distance learning, networking, eLearning and knowledge management in surveying education and continuing professional development;
- To promote the exchange of surveying personnel for greater understanding of all facets of the profession of surveying;
- To support by seed funding conferences, meetings of young surveyors and similar events in co-operation with international agencies such as the United Nations.

FIG Working Week in New Zealand: [Read more!](#) *** The Article of the Month in January 2016 is

Share |

FIG represents the interests of surveyors worldwide
FIG is a United Nations and World Bank recognized non-governmental organization of national member associations and covers the whole range of professional fields within the global surveying community. It provides an international forum for discussion and development aiming to promote professional practice and standards.
