Nomination Template

Vice President

2023-2026

Nominee's statement	
<p>My motivation to be FIG Vice President:</p>	<p>I have been active within FIG since 1994. First as a working group secretary and co-author of several publications in Commission 7. Later, I chaired working groups and task forces within FIG. The international context and network that FIG always has been offering, was the key motivator for me to continue being part of this community.</p> <p>It is my believe that in the ever more complex global world that our societies are living in, our professional FIG community has a lot to offer and a responsibility to find and contribute to viable solutions. However, we need to understand our role and to adapt to the ever-changing challenges.</p> <p>Besides operating the established FIG Commissions, I see two crucial fields of activity for our association:</p> <ul style="list-style-type: none">- to work and cooperate within an international context maintaining and developing our relations with UN and other national and international organizations;- to promote and support the Young Surveyors Network in order to maintain FIG as an innovative and flexible organization. <p>Considering my previous activities within FIG, the position of Vice-President would be a logic continuation of my commitment to FIG. I am motivated to use my knowledge and expertise to the cause of FIG and the above-mentioned topics. I am fully committed to take up this challenge and to contribute to the organization.</p>
<p>What I can offer in support of FIG's aims and objectives:</p>	<p>My expertise in cadastral systems and my involvement in Commission 7 since 1994 will enable me to contribute to topics such as land administration, land governance, spatial data infrastructures, and sustainable development goals. The international network of people that I have built up over the years will help me to fulfil my duties for FIG as well as help FIG as an organization. My position in EuroGeographics also prepared me well for association activities such as among others the preparation and organization of conferences and keeping member contacts.</p> <p>I am a strategic and independent thinker, which allows me to come up with innovative and forward-looking solutions. I am an organized, reliable, and trustworthy person.</p>

Nomination Template Vice President 2023-2026

	I do have the support from my national association as well as from my employer. This will allow me to dedicate the necessary time and energy to FIG.
My key skills for the Vice Presidency and FIG Council:	Long-standing and broad international networking, speaks three languages (German, French, English), organized and reliable, innovative thinking, can listen and find a compromise, socially compatible personality.

Vice President

2023-2026

Nominator	
Name of Member Association:	GEOSUISSE – Schweizerischer Verband für Geomatik und Landmanagement
Name of Proposer:	Petra Hellemann
Position in Association	President
Contact address:	Kapellenstrasse 14, CH-3011 Bern, SWITZERLAND
Email address	geosuisse@hellemann.ch
Proposer's Statement	
Why the Association wants to propose the Nominee	<p>Daniel Steudler is well known nationally as well as internationally. His reputation as a hardworking and qualified expert in many fields of surveying makes him an ideal candidate for FIG-Vice President. His international network will enable him to help bridging the gap between the global challenges and the surveying community.</p> <p>Since the foundation of FIG, the Swiss professional association has always been a proud supporter of the organization and contributed in many ways to its successful existence. GEOSUISSE is proud to renew this commitment and will support Daniel in his quest for FIG-Vice President.</p>
What support (financial, administrative and others) can the Association provide to the Nominee if elected Vice President	GEOSUISSE will provide the necessary personal, financial, and institutional support to Daniel.
Any other supporting information:	<p>GEOSUISSE has a long-standing history within FIG and commits to it by supporting a number of commission delegates.</p> <p>See also the attached supporting letter from the Federal Office of Topography swisstopo.</p>
Name of Seconder:	Jürg Lüthy
Position in Association	Chair of "Gruppe International" of GEOSUISSE
Contact address:	Kapellenstrasse 14, CH-3011 Bern, SWITZERLAND
