Ms Louise Friis-Hansen, Director
International Federation of Surveyors (FIG)
Kalvebod Brygge 31-33, DK-1780 Copenhagen V, DENMARK

Dear Louise,

**Supporting Letter for Sr Prof. Winnie SHIU
Nomination for Vice President of FIG for the Term 2027–2030**

It is with great pleasure that I offer my strongest support for Sr Prof. Winnie Shiu's nomination for re-election as Vice President of the International Federation of Surveyors (FIG) for the term 2027–2030.

I am Sr S. C. Leung, Chairman of the Alliance of Hong Kong Authorized Land Surveyors, and formerly Deputy Director of the Lands Department of the Hong Kong Special Administrative Region Government. I first met Winnie in 1991 when she joined the Lands Department, and have since had the privilege of working with her closely as a colleague and as a fellow member of both the Hong Kong Institute of Surveyors and the Alliance of Hong Kong Authorized Land Surveyors.

Throughout her distinguished career and long-term commitment to professional institutes, Winnie has demonstrated unwavering commitment to the surveying and geospatial profession. Her extensive service in numerous professional organizations and committees reflects her dedication to advancing the field through the sharing of her knowledge, expertise, and leadership.

Winnie is a role model for surveyors both locally and internationally. Her effective leadership, multilingual communication skills, and active engagement in educational and professional development initiatives have inspired many, particularly women pursuing careers in geospatial disciplines.

I am confident that Sr Prof. Winnie Shiu possesses the vision, experience, and leadership qualities essential for the position of FIG Vice President. Her professional integrity and dedication make her an invaluable asset to the Federation. I am certain she will continue to contribute significantly to FIG's growth and to the advancement of the global surveying profession.

Yours sincerely,

Sr S. C. Leung, MBE

Chairman, Alliance of Hong Kong Authorized Land Surveyors
