The Social Tenure Domain Model

Person ↔ Social Tenure Relationship ↔ Spatial Unit

Cadastral Model

Person

Parcel

Standardization in the cadastral domain

Object

Social tenure

Subject
Pro Poor Approaches

- Urban / rural
- Unconventional
- Transparent
- Under represented groups
- Mediation
- Expertise / barefoot surveyors
- Potentials / land tax / bookkeeping
Work Plan Working Group 1: Pro-Poor Land Management

- support the development of low cost, innovative, data acquisition methods
- develop the social tenure domain model
- contribute in the GLTN
- propose a capacity building approach for pro poor land management
Work Plan Working Group 1: Pro-Poor Land Management

• recognise and support the development of pro poor land management approaches
• communicate, as far as possible, the FIG concepts in development of land policy and land management: land law, land tenure and security of tenure, land markets, land taxation, land use planning, land reform, land redistribution, post conflict land administration
• identify (geometric) aspects related to social, informal land tenures
