# DO YOU KNOW WHAT HAPPENS WITHIN ONE HOUR ON EARTH?

We each laugh 15 times.

Our hearts beat around 100 000 times.

An astronaut on the international space station sneezes 100 times.

Around 7200 earthquakes of all magnitudes happen.

**37 earthquakes with a magnitude higher than 4.2  
happened on May 12th, 2015.**

**17** of them where in Nepal.

**7** of them within one hour.

Do you know how many earthquakes in average with  
5.0 – 5.9 magnitude happen in an hour?

**0,150570776**

It's almost none.

There were **7** of them in Nepal.

Do you know how many earthquakes in average with  
6.0 – 6.9 magnitude happen in an hour?

**0,015296804**

Close to zero.

There was **1** of them in Nepal.

Do you know how many earthquakes in average with  
7.0 – 7.9 magnitude happen in an hour?

**0,001712329**

There isn't any.

There were **2** of them in Nepal.

# WHAT DID WE DO IN AN HOUR ON MAY 19<sup>TH</sup> 2015?

**Mapped 32 *km*<sup>2</sup>**

Almost a half of Salzburg

More than half of the Manhattan

Almost whole Vatican city

3 Heathrow airports

Around 6000 football fields

How did we do it?

Starting from the basics, 50 Young Surveyors in a room in Sofia's National Palace of Culture helped Nepal, with countless more around the world, since FIG YSN created a public event, inviting everyone to help.

# THINK. ACT. EXECUTE.

A lot of stuff happens in one hour.

Volunteering our time and skills not only helps the people, organizations, humanitarian aid agencies and land professionals on the ground but also sets a good example for all of us. Helping others, especially collectively as a Network, can be one of the most rewarding experiences we can make and share.

...and as David Bowie said:

*We can be heroes, just for one day.*
