Challenges of SDI Development

The slide features a photograph of a hand pointing at a computer screen displaying a map. A large, semi-transparent gear is overlaid on the image, symbolizing the complexity and challenges involved in the development of Spatial Data Infrastructure (SDI).

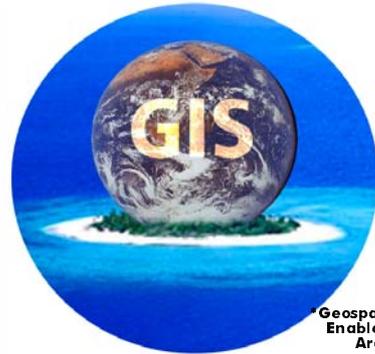

Therefore, Standards

Making Smarter Decisions with Geospatial Technology

A collage of images related to geospatial technology. It includes a close-up of a person's face, a globe, and a person working at a computer. The images are arranged in a grid-like pattern, with some overlapping. The overall theme is human interaction with geospatial data and technology.
