FIG e-Newsletter October 2010

Dear Colleague,

Welcome to the FIG e-Newsletter, which brings you latest information about FIG and its activities. The information referred here is in full length available on the FIG web site. Thus the e-Newsletter is produced to inform you what has happened recently and what interesting things are going to take place in the near future. The FIG e-Newsletter is circulated monthly by e-mail. The referred articles are in English and written in a way that you are able to extract them to your national newsletters or circulate to your members and networks.

Article of the Month – October 2010

On the FIG web site we publish each month a paper called the Article of the Month. This is a high-level paper focusing on interesting topics to all surveyors. It can be picked up from an FIG conference or another event. The Article of the Month in October 2010 is "*Reducing Vulnerability to Natural Disasters in the Asia Pacific through Improved Land Administration and Management*". It is written by **David Mitchell** from Australia. This paper is a peer reviewed paper prepared for the FIG Congress 2010 in Sydney, Australia, 11-16 April 2010 and draws on the lessons from recent major disasters and existing literature on land issues.

Reports from last month

INTERGEO 2010 – Geomatics industry in stable growth - Cologne, Germany, 5-7 October 2010

Henning Elmstroem, President of DdL, **Karl-Friedrich Thöne**, President of DVW and **Stig Enemark**, FIG President.

INTERGEO 2010 was held in Cologne, Germany 5-7 October. The world biggest tradeshow in surveying and geomatics business gathered 17,500 visitors and the INTERGEO conference 1,500 delegates. The number of exhibitors exceeded 500 companies representing 32 nations.

The INTERGEO conference titled "Knowledge and Action for Planet Earth" attracted 1,500 participants. The new conference concept in partnership with other key players has proved to be a great success. In Cologne the European congress EnviroInfo 2010 was for the first time organised jointly with INTERGEO. Each day of the three-day INTERGEO conference started with a plenary session introducing a high profile internationally recognised speaker. FIG President **Stig Enemark** provided one of the three keynote presentations.

Strengthening the Partnership with the World Bank - FIG President Stig Enemark and Incoming President CheeHai Teo visited the World Bank 23 September 2010

Stig Enemark, President of FIG; **Juergen Voegele**, Director of Agriculture and Rural Development Department; and **Chee Hai Teo**, President Elect of FIG 2011-2014.

FIG President **Stig Enemark** and incoming President **CheeHai Teo** visited the World Bank 23 September 2010 to strengthen the partnership between FIG and the Land Group of the World Bank. The key purpose of the visit was to review and renew the current Memorandum of Understanding that was signed in February 2007. The presentation by the president and the incoming president also included a list of suggested issues for further cooperation over the coming four year term. The visit was kindly hosted by **Keith Bell** and also included a meeting with **Juergen Voegele**, Director of Agriculture and Rural development Department as well as **Jolyne Sanjak**, Managing Director of Department of Compact Implementation, Millennium Challenge Cooperation (MCC).

Building a Regional Structure for the Surveying Profession in Latin America - The XI International Congress, San Jose, Costa Rica, 17 – 19 September 2010

The formation of the new Asociación Panamericana de Profesionales en Agrimensura (APPA) (Panamerican Association of Surveying Professionals)

FIG President **Stig Enemark** and Incoming President **CheeHai Teo** attend The XI International Congress, San Jose, Costa Rica, 17–19 September 2010. The theme for the congress was "*Geomatics: Current Trends in Geodesy, Topography and Cadastral*" reflecting the current challenges and opportunities encountered by the profession not only in Costa Rica but also the region. The formation of APPA - the Asociación Panamericana de Profesionales en Agrimensura was a highlight and also represented the culmination of efforts by FIG over about ten years to mobilise the surveying profession within Latin America. FIG has pledged to work with this latest regional structure to develop and advance the profession in the Americas. A major opportunity in this regard will be FIG Regional Conference that is likely to held in Montevideo, Uruguay, by the end of 2012.

FIG Commission 7 (Cadastral and Land Management) Annual Meeting and International Open Symposium on „Digital Cadastral Map“ 5-11 September 2010, Karlovy Vary, Czech Republic

Current Chair **András Osskó** together with incoming Chair **Daniel Roberge**

FIG Commission 7 in cooperation with the Czech Union of Surveyors and Cartographers organized its Annual Meeting between 05 and 11 September 2010 in Karlovy Vary, Czech Republic. Commission 7 has had a 20 year tradition organizing annual meetings each year, separately from major FIG events, based on the consensus of Commission 7 delegates.

The Annual Meeting 2010 was the last of a four year period chaired by Mr. **András Osskó**, Hungary. There was a record number of participation in the Annual Meeting 2010 showing the importance of land administration matters world wide. 57 delegates attended this annual meeting from 32 countries representing all of the continents.
