1 LANTMÄTERIET

TS 30.1 If the Timing is Right ....

### Land Administration Project Components

- Legal and Land Policy
- Technical
- Institutional

2 LANTMÄTERIET

TS 30.1 If the Timing is Right ....

**The Swedish Land Data Reform took 29 years**

3 LANTMÄTERIET

TS 30.1 If the Timing is Right ....

**More money than time – Very ambitious project designs !**

4 LANTMÄTERIET

TS 30.1 If the Timing is Right ....

**Example of Project Tenders:**

**8 months**

- Develop Land Information Software and train technical staff and end users

**3 years**

- Develop a LA system that is fair, cost effective, decentralized and enhances tenure security

**6 years**

- Systematic Rural Land Titling and Cadastre Development, incl. systematic subdivision of land and the issue of 4 million land deeds and preparation of base maps

5 LANTMÄTERIET

TS 30.1 If the Timing is Right ....

### A General Template for Computerization

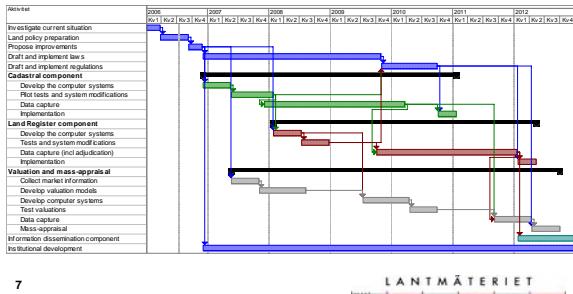

Aktivitet	2007 Kv1	Kv2	Kv3	2008 Kv1	Kv2	Kv3	Kv4	2009 Kv1	Kv2	Kv3	Kv4	2010 Kv1	Kv2	Kv3	Kv4	2011 Kv1	Kv2	Kv3	Kv4	2012 Kv1	Kv2	Kv3	Kv4	2013 Kv1	Kv2
Investigate current situation	Start																								
Propose improvements																									
Draft and implement laws																									
Design work processes																									
Design IT-system																									
Pilot test																									
Draft and implement regulations																									
Design and construct final IT-support																									
Purchase hardware																									
Train staff																									
Implement the new work processes																									
Systematic data collection																									
Registration and dissemination																									

6 LANTMÄTERIET

TS 30.1

If the Timing is Right ....

### The all-inclusive LA program

7

TS 30.1

If the Timing is Right ....

### Common timing problems:

- Premature data capture
- Computer equipment procured too early
- System is ready but is not legal

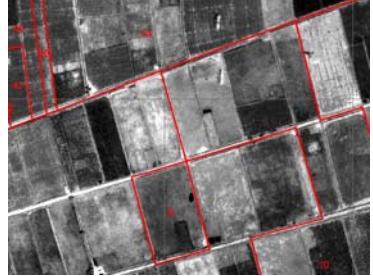

8

LANTMÄTERIET

TS 30.1

If the Timing is Right ....

.. for creating a digital cadastral database?

9

TS 30.1

If the Timing is Right ....

If the timing is right....

...Land Administration  
project have a better chance  
to succeed!
